

TEJAS SONKUSARE

Software Developer • MERN Stack • Flutter • DevOps

📞 +91 9561600943 · ✉️ tejassonkusare5@gmail.com · 📍 Nagpur, India · [LinkedIn](#) · [GitHub](#)

PROFESSIONAL SUMMARY

Results-oriented Software Developer with 1+ year of professional experience in DevOps engineering and full-stack development. Proven ability to build and deploy production-grade systems on AWS, automate CI/CD pipelines, and develop REST APIs. Currently expanding expertise in MERN Stack and Flutter to deliver modern, scalable web and mobile applications. Strong academic record (CGPA 8.91) complemented by multiple industry certifications in cloud and cybersecurity.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Flutter, Android (Java)

Backend: Node.js, Express.js, Java, Spring Boot, REST APIs, Python, Bash

Databases: MongoDB, MySQL, PostgreSQL, Amazon RDS

Cloud & DevOps: AWS (EC2, S3, RDS, EKS, Lambda, Elastic Beanstalk, CloudFront, Route53), Docker, Kubernetes, Terraform, Jenkins, GitHub Actions, GitLab

Security & Monitoring: SonarQube, OWASP, Trivy, AWS CloudWatch, Datadog, Firewalls, VPN, Palo Alto

Other: Git, Agile/Scrum, AI/ML (IBM SkillsBuild), Digital Marketing

PROFESSIONAL EXPERIENCE

DevOps Engineer · **Hisan Labs Pvt. Ltd.** · Pune *Jun 2024 – Feb 2025*

- Designed and implemented end-to-end CI/CD pipelines using Jenkins & GitHub Actions, reducing deployment time by ~40% and eliminating manual release errors.
- Containerized microservices with Docker and orchestrated production workloads on Kubernetes, achieving 99.9% uptime across critical environments.
- Automated cloud infrastructure provisioning using Terraform and Python scripts, cutting manual setup effort by 60% and ensuring consistent, repeatable deployments.
- Proactively monitored infrastructure health via AWS CloudWatch & Datadog, reducing mean time to resolution (MTTR) for production incidents.
- Enforced security best practices with OWASP, Trivy vulnerability scanning, and IAM policies across AWS environments.

Full-Stack Java Developer Intern · **Zetpeak Company** · Remote *Aug – Dec 2023*

- Developed and maintained full-stack Java web applications using Spring Boot and REST APIs, contributing to both backend business logic and frontend UI integration.
- Collaborated in a cross-functional agile team; actively participated in sprint planning, daily stand-ups, and peer code reviews to maintain high code quality.
- Integrated MySQL databases, optimized queries, and implemented secure API authentication for multiple client-facing modules.

Android Developer Intern · **Google for Developers × AICTE** · Remote *Sep – Nov 2023*

- Completed an intensive 10-week Android development program in collaboration with Google and AICTE, building three end-to-end Android applications.
- Gained hands-on experience with Android SDK, Firebase integration, and UI/UX best practices under guidance of industry mentors.

KEY PROJECTS

Swiggy Clone — End-to-End DevSecOps Pipeline [[React.js](#) · [Node.js](#) · [MongoDB](#) · [Docker](#) · [AWS](#) · [Jenkins](#) · [Terraform](#)]

- Architected a full-stack food delivery app (MERN) and built a complete CI/CD DevSecOps pipeline from code commit to production deployment.
- Integrated SonarQube for static code analysis, OWASP dependency check, and Trivy for container image vulnerability scanning at every build stage.
- Provisioned AWS EC2 instances via Terraform, Dockerized all services, published images to Docker Hub, and deployed with zero-downtime strategy.

AWS RDS Student Management System [[Java](#) · [Spring Boot](#) · [REST APIs](#) · [Amazon RDS](#) · [S3](#) · [Elastic Beanstalk](#)]

- Built a scalable REST API backend for student registration, course management, and attendance tracking with secure role-based access control.
- Deployed on AWS Elastic Beanstalk with auto-scaling; used Amazon RDS (MySQL) for data persistence and S3 for secure file/asset storage.

EDUCATION

B.E. Computer Science & Engineering **CGPA: 8.91 / 10** 🏆

Sipna College of Engineering & Technology, Amravati, India · Graduated 2024

CERTIFICATIONS & ACHIEVEMENTS

- ▶ Palo Alto Networks Certified Cybersecurity Entry-level Technician (PCCET)
- ▶ Microsoft Technology Associate (MTA): Security Fundamentals
- ▶ Google Cloud Study Jam 2023 — 8 courses completed
- ▶ ISC2 Candidate Certification · NEAT Certification (National Educational Alliance for Technology)
- ▶ AWS & Google Cloud Skill Badges · IBM SkillsBuild AI/ML Internship · LinkedIn Learning & FutureSkills certifications
